

ABOUT US & ACCREDITATIONS

Founded in 2014 and officially opened in 2015, Shanghai Guanghua Qidi College is a personalized school under the Guanghua Education Group. School of One origins from a pilot personalized learning program of the New York City Department of Education, hailed by Time magazine, as one of the year's 50 best innovations in 2009. We introduced the **"School of One"** concept to China, shifting the focus from standard teaching to personalized learning, providing customized international education plans for every student. We have been making efforts to apply this unique concept into our personalized pedagogy to prepare high school students who have the aspiration and necessary skills to become lifelong learners and leaders. In Shanghai Guanghua Qidi College, we emphasize efficient education in the form of micro-classes equipped with specialized mentors who design the feasibly customized study plan.

Shanghai Guanghua Qidi College operates across two campuses: the Yangpu Campus and the Dianshan Lake Campus. Both locations adhere to the exact same academic standards and evaluation systems. Furthermore, students and faculty have the flexibility to choose their preferred campus based on their personal preferences. For the purpose of cultivating and enhancing the academic competitiveness and cultural adaptability of Chinese students who aim in enrolling in the world's prestigious universities in the future, every mentor from Shanghai Guanghua Qidi College has been adhering to the belief of 'teaching students according to their aptitude'. We have brought together a group of young and motivated instructors who are very adept in infusing western advanced educational concepts and the abundant experience of international education into their daily teaching practice. To design an effective and efficient international curriculum customized for our students, we have been building an integrated community to connect students, parents, and mentors to develop a well-around international education and service system that really meets the needs of Chinese students and their parents.

GRADING & RANKING SYSTEM

Ranking Policy: Shanghai Guanghai Qidi College does not rank students.

Comprehensive Grading System: Transcript grades are a comprehensive evaluation of a student's overall academic capability, not just a single exam score. The evaluation weighting is strictly distributed to ensure fairness and accuracy for university applications:

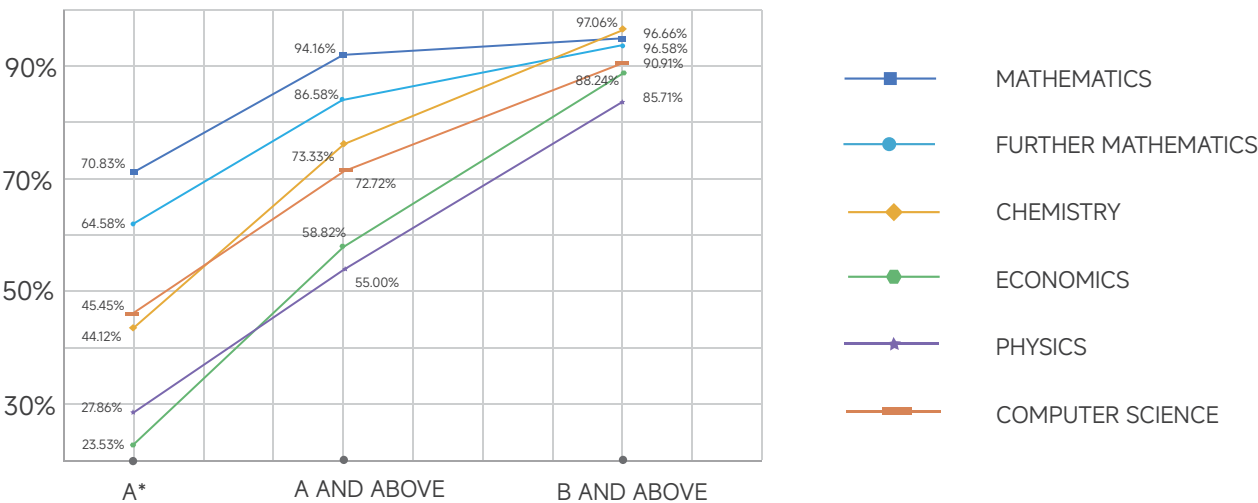

Academic Target: Over 60% of our students achieve an A- or above, and over 90% achieve a B- or above.

Grading Scale

Grade	Score	GPA
A*	90-100	4.0
A	80-89	4.0
B	70-79	3.7
C	60-69	3
D	50-59	2.3
E	40-49	1

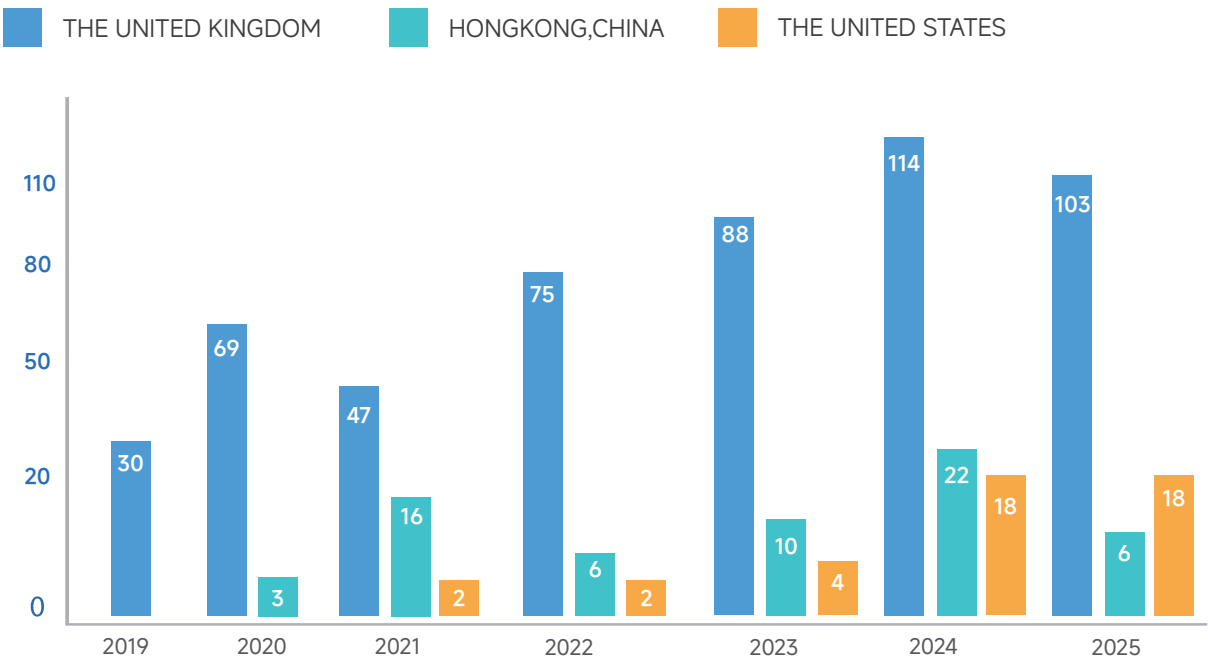

ACADEMIC ACHIEVEMENTS & UNIVERSITY PLACEMENT

Distribution of "A Level" Assessment Results (2025-2026):

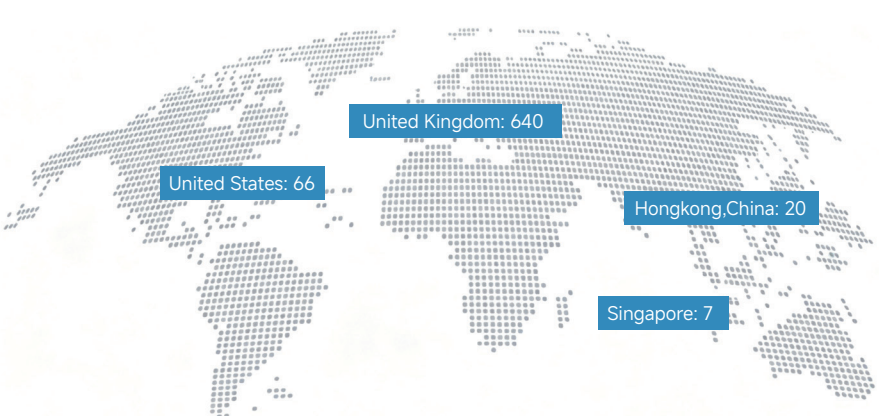

With over 60% of our graduates receiving offers from UK G5 universities or the University of Hong Kong, our students demonstrate exceptional academic competitiveness.
